From natural leather hides to our super-soft fabrics designed to withstand daily use while maintaining their beauty, each material ensures your Nicoletti sofa remains a centrepiece of style and relaxation in your home.

### **Torello Leather Qualities**

This leather collection is slightly corrected top grain, where a combination of dyes and pigments smooth down some of the natural grain pattern, giving luxurious, soft butter like finish. The leather is exceptionally soft while offering strong resistance and durability.

### **Botero Leather Qualities**

A corrected top grain leather with A grain that has been embossed, with most of the natural marks removed. This leather is resistant to fading, although change in colour may occur over time. Additionally, it's a protective lacquer makes it a family friendly option.
