What is feel good furniture?

HSL feel good furniture is designed around you, to not only look good, but to feel good too.

All HSL feel good furniture is designed to support your neck, back and hips. It is also sized to fit, for every shape and size. This can improve posture and offer a whole host of physiological wellbeing benefits through reducing the aches, pains, niggles and knots that can happen when you're not sitting properly; because how you sit can significantly impact your spine health and general wellbeing.

That's why our Comfort Specialists use our Exclusive Chair Fitting service to personalise your comfort, to handcraft furniture that not only looks good, but also improves your wellbeing, leading to a much happier, healthier life. In turn, this can lead to emotional wellbeing benefits such as a happier and more fulfilled active lifestyle and greater independence in the home.

Your Exclusive HSL Chair Fitting

Feel good furniture is comfortable because it fits you.

When you visit one of our showrooms or arrange a Home Visit, we want to make sure that our customers get the right fit. This is why all of our chairs, sofas and beds come in multiple sizes; with many of our Riser Recliner chairs ranging from Super Petite, all the way up to Super Grande.

To make sure you get the right size and fit, our Comfort Specialists will conduct a personalised Chair Fitting to determine which size fits you best and the right level of support for your neck, back and hips. This ensures that each point of the body is supported to maximise comfort and overall wellbeing.

Julie and her support team are also instrumental in training our Comfort Specialists to understand good posture, the correct seating position and supportive transfer in and out of a chair. This is just one of the reasons why our Comfort Specialists are able to deliver such a high level of expertise to find the best chair or sofa for you.

Scientifically proven.

We are proud to have worked with Dr Andrea Utley and the University of Leeds to undertake a research study looking into the physiological impacts of sitting in a HSL chair that fits you.

This independent research was conducted using a wide range of participants who all spent equal amounts of time sitting in three different sizes of our Burrows Relax chair.

The research has scientifically proven that sitting in a HSL chair that fits you:

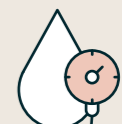

Dr Andrea Utley

Reduces your heart rate

Increases oxygen flow in your lower limbs

Lowers your blood pressure

“Research conducted at the University of Leeds has shown that sitting in a HSL chair that is an appropriate size for an individual has a number of benefits. Even sitting involves physical effort and if the chair is the right size the physical effort is reduced.

HSL provide a service that ensures that a chair is the right fit for each person – our research has shown that this is a valid approach that offers health benefits for the individual.”

Our beautiful designer fabric collection.

SANDERSON

Dahlia and Rosehip is an iconic Sanderson archive design, carefully reproduced to retain the original detail.

Beautifully reprinted bold dahlia blooms nestle amongst generous horse chestnut leaves, interspersed with rosehip berries in this vintage classic.

THE ORIGINAL
MORRIS & Co

Strawberry Thief is one of William Morris' most popular and widely known designs. It features the thrushes that Morris found stealing fruit in the kitchen garden of his countryside home.

The design is intricately detailed with bold colours, initially taking William Morris days to print due to the bright colouration.

MOON
ESTABLISHED 1837

Woven in Yorkshire to the highest standards at the historic Moon mill, the Solway Check features a classic combination of timeless checked fabrics; perfect for a warm, country cottage feel.

HSL Showrooms are unlike any other showroom.

On arrival, you'll be greeted with a smile by one of our Comfort Specialists and offered tea or coffee and biscuits. You'll be encouraged to relax in our feel good furniture; some customers stay for hours because they enjoy it so much.

Our Comfort Specialists are trained by our independent Occupational Therapist, so they don't 'sell' you a chair. They conduct an Exclusive Chair Fitting to match you to a chair or sofa that gives you your optimum-comfort sitting position.

We want you to find the perfect match for your home, so we encourage our customers to bring in items which will help, such as a favourite cushion or piece of curtain fabric.

Our 55 Showrooms nationwide are listed on pages 118-119.

In-store experience

"Absolutely amazing experience in the Guiseley store today. The knowledge, professionalism and personalities of the store team members, Ashleigh and Rosa, was exemplary. Their warmth and welcome really complemented the beautiful store décor and top-of-the range pieces and collections HSL had to offer. A top-class experience - well done, HSL!" - **C Queen**

Standing and sitting with ease

"From the outset we were made to feel so at ease and welcome. We all laughed a lot and there were a few hidden tears when I saw what a difference our HSL chair was going to make. Standing and sitting with ease! A vast range of excellent quality fabric choices and an abundance of help and patience while I chose one. Thank you so very, very much to Jayne and Jan. Who knew that buying a chair could be so much fun!" - **Geradine C**

Quality and design

"The experience at the HSL Showroom in Orpington could not have been better. Sheila was attentive, thoughtful, patient and knowledgeable. We were impressed with the quality of the furniture and thankful that there was no 'hard-sell' as experienced with some other retailers... I would recommend without hesitation." - **CMV**

Handmade in Britain

"Very pleased with the service, nothing was too much trouble. I didn't feel pressured at all. I love the fact that the chairs are made in the U.K." - **G Southerton**

Home Visit

"We could not visit a showroom so opted for a Home Visit. The two guys we had Daniel and Dave went over and beyond and helped us select two chairs, and a footstool. They explained everything thoroughly and we were not rushed at all. Look forward to receiving our chairs and would recommend HSL" - **L Vitani**

Where it all began...

Dewsbury, West Yorkshire

Family run since 1968.

We are a proud family business who have been helping people feel good in their furniture for over 55 years. First generation owners, Jeffrey and Patricia Burrows, set up HSL in 1968 with the aim to 'produce comfortable, quality furniture'. Quality craftsmanship, unrivalled comfort and excellent service were the early foundations of the feel good furniture we know today.

The Burrows Family.

Debra Burrows (left), **Patricia Burrows** (centre) and **William Burrows** (right).

"Our history and heritage still shapes so much of what we do, and our aim is just as simple as it was at the very beginning. We want to improve the way that people sit, in turn helping them to lead a happier and healthier life. We are proud of our roots in Yorkshire, and each member of the HSL family which now extends nationwide."

25

frame
guarantee

A lot has changed in over 55 years of furniture making, but one thing which always remains is the quality of our furniture. From the beginning, we have thrived on traditional British craftsmanship using only the finest materials in our furniture. We care about the world around us and are committed to handcrafting our furniture to stand the test of time. That's why we are proud to offer a 25 year frame guarantee.

We believe that wherever possible, unwanted furniture should be able to find a new home. We are proud to have won the British Heart Foundation's Sustainability Partner Award in 2022, having donated over £2 million of furniture to the charity to both avoid landfill and fund life-saving research.

We are committed to reducing our carbon footprint and are proud to have moved our entire electricity consumption to 100% renewable resources. We are at the beginning of a large journey towards a sustainable future and look forward to constantly adapting for the better.

Innovative design.

We're delighted to announce that in April 2021 we received the prestigious Queen's Award for Enterprise: Innovation for our patented knuckle design.

The Queen's Awards for Enterprise are the highest official UK awards for British businesses. This prestigious awards programme is for recognising British businesses and other organisations who excel at promoting opportunity, sustainable development, international trade, or innovation; with the first ever award being presented in 1966.

A few short years ago, we launched a range of furniture using an Innovative Frame Design which allowed the attachment of a wooden knuckle, or handle, using a different technique historically used by other furniture manufacturers. This, for the first time, allowed a knuckle to be easily replaced, retro-fitted or removed. The innovation brought with it additional convenience for our customers' needs, enhanced environmental credentials, and significant manufacturing efficiencies.

Our extensive design work and iterative development led to the Ripley and Aysgarth collections being launched with the knuckle option in 2017 and 2018 respectively. Today we remain the only furniture manufacturer using this knuckle design, and it forms the core of these two different furniture ranges exclusive to HSL.

Better wellbeing

begins here.

Welcome to our collections.

How to find your feel good furniture.

You may notice that we have a variety of sizes and prices for each collection in our range. We have created this step by step guide to help you find the comfort solution best suited to you and your posture.

Step 1: Find your style.

Manual Recliner.

To sit back and relax in a Manual Recliner, just a pull on the catch and the footplate will raise your legs, then lean back to recline for complete comfort.

Power Recliner.

With the touch of a button, the backrest on your electric reclining chair will gently recline as the footrest rises with no extra effort required. Whenever you choose, another touch of a button will bring your chair back to the original position with no pulling required.

Riser Recliner.

A Riser Recliner chair is a motorised armchair that will recline and rise to help you into and out of your seat at the touch of a button. Available in both single and dual-motor designs, these luxury chairs recline into a relaxing position, so you can experience ultimate comfort as you rest.

Armchairs.

Nothing quite beats the feeling of sinking into a comforting and cosy armchair. Classic high-back and wing-back styling brings a touch of elegance to these beautifully supportive armchairs.

Fireside Chairs.

Our Fireside Chairs are elegantly shaped with solid wood legs, plush wings and a handsome high back and seat for easier sitting and rising.

Sofas.

Whether you fancy a reclining sofa or a traditional legged sofa, you're sure to find the right one to suit you and your style. We offer a range of sofa sizes, meaning there's something for everyone.

Step 2: Find your size.

Your Exclusive HSL
Chair Fitting

Once you have found a piece of furniture that you are interested in, our Comfort Specialists will ask you to take a seat on one of the sizes we offer, before going through your Exclusive Chair Fitting. This is personalised to you, so the Comfort Specialist will advise you throughout the fitting to make sure the furniture is supporting you as it should. This, in turn, will help find the perfect size of chair or sofa for you.

Step 3: Make it yours.

With a wealth of luxurious fabrics and leathers to choose from, our furniture can be perfectly tailored to suit your taste. If you have a particular colour or style in mind, you can browse our wide selection of fabric and leather swatches and styling options in one of our showrooms, or on a Home Visit.

Single or dual motor?

A single motor riser recliner is an ideal choice for those looking for a more basic riser recliner. If your chair only has one motor, that means when the chair reclines, the backrest and footplate move together. Single motor chairs also do not fully recline, they only go back 45 degrees.

A dual motor riser recliner has, as the name suggests, two motors. One controls the footrest and the other controls the backrest. This will give you more flexibility, as the leg rest can be elevated or lowered independently from the backrest and the chair can also recline fully.

Power Recliner Chrome Button upgrade.

Upgrade your single or dual motor recliner to the stylish brushed chrome control.

This also conveniently houses a handy USB charging port for mobile phones and tablets.

As if a selection of over 300 fabrics wasn't already impressive, we are thrilled to present a brand new fabric collection that pays homage to the exceptional artistry and craftsmanship of British textile design.

Our talented in-house design team has collaborated with renowned Textile Houses such as Warner House, Sanderson, Morris & Co, and Ian Mankin to mention but a few, to curate a stunning collection of designs.

WARNER HOUSE

SINCE 1870

Hathersage Stone

This lavish printed linen fabric is an Edwardian vista of oak and maple trees intertwined with ivy and rosehips.

Georgiana Archive

This elegant linen fabric featuring a stylised poppy has had many adaptations through its life span. It was first produced as an 18th century Indienne cotton, then by the turn of the 20th century this simple pattern caught the eye of the retailer Harvey Nichols. The design was redrawn to emphasize the berries and the scrolling trunk, and was the precursor to the Art Deco jazz age.

Tabley Mulberry

A grand arborescent fabric design featuring paradise birds and woodland creatures hidden amongst trailing branches. Inspired by the beautiful Indian Chintzes from the Coromandel coast, such patterns have longevity within the history of interior design.

Anika Spice

This sweeping serpentine trail is re-imagined from an earlier French 19th century chintz, which in-turn sought its inspiration from the 18th century Indian Chintzes of the Coromandel Coast.

Janita Wedgwood

Re-imagined by the Warner House Studio, this majestic tree of life fabric design seeks its inspiration from the Indian Chintzes of the mid 18th century which proved popular throughout Europe.

IAN MANKIN

ENGLAND

Empire Stripe Peony

Empire Stripe Peony is one of Ian Mankin's original designs, firmly establishing it as a classic stripe that stands the test of time. This dense herringbone is woven in 100% cotton and delivers durability, and makes it highly practical for upholstery.

Harvest Stripe Flax

Inspired by vintage Hungarian grain sacks, Harvest Stripe is a natural cotton and linen blended fabric with cream stripes that adds a touch of depth to complementary ivory and natural colour schemes. This fabric is durable for drapery and upholstery and provides interiors with a modern rustic style.

Forfar Stripe Moss

We understand the importance of fabrics that add beauty and offer practicality. Forfar Stripe Fabric by Ian Mankin is a timeless design. Perfect for adding a touch of luxury to upholstery, both traditional and contemporary interiors.

CLARKE & CLARKE

Armchair, shown in Willow Boughs Dove.

Willow Boughs Dove

Willow Boughs is the instantly recognisable William Morris pattern inspired by nature. Deceptively simple, Willow Boughs features delicately entwining stems and curling leaves.

A tranquil monotone design designed by Morris in 1875 and one of the few designs Morris produced for both wallpaper and fabric.

Luxurious Handmade

Adjustable Beds

The Contour Sleep Collection

At HSL, we understand the importance of a good night's sleep for your mental and physical wellbeing. We also know that we are all unique, with our own preferred sleeping positions which are comfortable for us. Therefore, together with expert mattress makers Hypnos, we have developed the ideal sleep solution to offer blissful support however you like to sleep, so you can begin your days feeling well-rested.

We are proud to introduce the Contour Sleep collection in partnership with Hypnos. This collaboration combines the freedom of a HSL adjustable bed with the flexibility of a beautifully handcrafted Hypnos mattress, creating a collection designed to offer personalised postural support to the contours of your body as you sleep – however you sleep.

In partnership with

HYPNOS
THE MOST COMFORTABLE BEDS IN THE WORLD

Benefits of an adjustable bed:

A better night's sleep

The Contour Sleep collection allows you the freedom to be fully supported and comfortable whether you're sitting up, lying flat or raising your legs. So, however you sleep, your key pressure points are supported and you can enjoy full relaxation while you rest.

Minimise aches and pains

Being supported in a comfortable sleeping position can improve your blood flow and circulation, which in turn, can help relieve backache, pain in your hips, legs and symptoms of arthritis. By keeping affected areas elevated and supported, you can help alleviate issues with swollen legs, ankles and feet.

Easy to use

With the simple touch of a button, you can ease into your perfect sleeping position and then when you wake, you can adjust it again to the ideal position that allows you to easily move out of bed.

The
Contour Sleep
Collection

Choose your style of bed.

Standard Action Adjustable Bed

The Standard Action Adjustable Bed provides a wide range of sleeping and relaxing positions with individual neck, back, fixed lumbar, upper leg and lower leg sections.

Natural birch plywood slats fit into sprung rubber fittings, with added suspension to enhance your comfort. A centre belt fitted on the base distributes the weight evenly across the joining slats to promote longevity.

Wallhugger Action Adjustable Bed

The Wallhugger Action has all of the features of a Standard Action base.

Additionally, the Wallhugger Action enables the bed to move backwards towards the wall, allowing you to be closer to your bedside cabinet.

Due to the action of the Wallhugger, when adjusting the position of the bed there will be little to no pressure on your back and hips.

Divan Bed

The Divan bases have the same styling options of the Standard Action and Wallhugger Action bases but there is no movement action fitted.

Weight limits:

3ft / 4ft / 4ft 6" bed frame: **25 stone**
 5ft bed frame: **50 stone** | 25 stone per side

The weight limits are based on when someone is lying down on the bed in a central position. Please note that the bed actions are not made for assistance in and out of the bed (e.g. having the bed base up in the air, as this will strain the mechanism).

Terms and conditions

Placing your order

When placing your order, we will take you through your selected products and services in detail, giving you all the information required, including operation, maintenance and care information.

Details of all items, including fabrics, colours, size and fit will be thoroughly checked, verified and you will be asked for a signature to confirm the order. In giving this confirmation you agree that the order and its contents are correct and you are happy with your product. 30% cancellation or amendment fee applies.

Although we understand the difficulties in checking access routes (door sizes, corridors, etc.) for installation of furniture, it is always your final responsibility to ensure that your furniture will fit into your home. We cannot be held responsible for furniture which has to be returned because it doesn't fit. Our standard cancellation fees would apply in this situation.

If your order is placed in-store, once completed, your order forms part of a legally binding contract, which cannot be cancelled or amended without a charge, which is 30% of the order value.

Calls may be recorded for training and monitoring purposes, these are deleted after 180 days.

All lead times are approximate, slight delays are not a reason for refund/compensation. Lead times are extended during the Christmas period, Bank holidays, factory shutdowns and seasonal variances. We only deliver to Mainland UK addresses. If you require delivery outside of the UK we can deliver to the nearest port/UK mainland postcode, after this point it is the customer's sole responsibility to ship the furniture to the final destination.

We have a policy of continuous product development, and we therefore reserve the right to amend the specifications of any products without notice in relation to future sales, this includes slight adjustments to sizing.

Products may differ slightly from those on display or advertised on our website.

Any damages to property/furniture must be reported within 14 days.

48 hour cooling off period

As a gesture of goodwill, HSL offers all in-store customers a 48 Hour Cooling Off period from the date your order is placed (excluding Express Delivery service products) during which time an order may be cancelled or amended without a cancellation fee, and any monies paid will be fully refunded.

All products are manufactured to order, cancellation or amendment after 48 hours will incur a charge, detailed below in the "Cancellation" section, to cover costs incurred by HSL for processing, manufacturing and/or transportation.

On our Express Delivery products there is a cancellation fee of 10% for any Express Delivery product that is ready to be dispatched, but not yet in a customer's home.

After a period of time we reserve the right to amend the cancellation charge depending on circumstances.

Prices

All prices shown are in sterling. Due to circumstances beyond our control, prices may have to be altered up or down, including any alterations to the rate of Value Added Tax.

VAT free

If you are chronically ill or disabled and the product(s) you are ordering are denoted 'VAT free', you may be eligible for the VAT free price.

To qualify you MUST complete and sign the Eligibility Declaration on the rear of the order form supplied with this HSL catalogue (or downloaded from the HSL website).

Please note there will be penalties from HMRC for making false declarations; if you are in any doubt as to whether you are eligible to receive goods or services zero-rated for VAT, you should consult H. M. Revenue and Customs Notice 701/7 VAT Reliefs for Disabled People or contact the VAT National Advice Service on 0300 123 1073 before signing the declaration. VAT Free available on Riser Recliners and Adjustable Beds only.

Payment

Payment methods include cash (in-store and Home Visit), cheque, debit or credit card (Visa, MasterCard, American Express or Switch/Maestro). Payments can also be made electronically by bank transfer; details will be provided on request. We cannot accept cheques on Express Delivery products.

Payment in full is required at the point of sale for all Express Delivery items, 7-14 day delivery service products, orders of £500 or under and clearance items.

For all other products, a minimum deposit of 30% is required. The full balance should be made within 3 weeks of placing your order, regardless of lead time.

If you are paying in-store by card, and where a partial payment is made as a deposit, a preauthorised final payment will be requested from your card so that the full outstanding balance can be automatically charged to your card when your goods have been manufactured and are awaiting delivery. Where this is not possible we will contact you to take payment of your outstanding balance.

All orders must be paid in full within 3 weeks and goods will remain the property of HSL until such a time as payment has been made in full. Please allow for longer delivery times during Easter, Spring Bank and Christmas periods due to factory holidays.

On the day of delivery, it is your responsibility to ensure that the delivery team can gain easy access to the room that the furniture is going into and that the area you want the furniture placed in is cleared.

We are unable to give you a specific time slot for your delivery. We will however advise you as to whether it is morning or afternoon delivery.

Our 2-man delivery team will unpack your furniture, install it in the room of your choice and, if you wish, will remove all packing materials from your home and recycle wherever possible.

Delivery

We charge a £50 + VAT fee for white-glove delivery. For Express Delivery furniture there is a fee of £65 + VAT. Orders within Northern Ireland, Isles of Scotland and Isle of Wight are not eligible for Express Delivery. Please ask in store for details.

Please ask a Comfort Specialist or member of the Customer Care team for more information.

Distance selling regulations

The following applies only to orders placed online, by post, Home Visit or over the telephone, and for items not purchased in one of our retail stores.

Orders considered to fall under the Information, Cancellation and Additional Charges (ICAC regulations), i.e. distance sales contracts, are subject to a 14 day return or exchange right. Where the 14th day falls on a Saturday, Sunday or Bank Holiday the final day shall be deemed to be the following working day. To exercise your right to cancel, please call 01924 486902.

Without having the benefit of visiting one of our stores

prior to purchase, this period is to give the customer the opportunity to inspect the goods and correct any wrong choices that may have been made. As such, it is not a period where they can make normal use of that furniture and impact its condition.

Until returned, the furniture is under the customer's ownership and it will be their responsibility to maintain and protect it, keeping it in "as new" condition.

All labels including fire label must remain intact. Failure to return goods in perfect condition may result in additional charges. You have the legal right to cancel your order within 14 days of receiving your goods.

All items returned must be in a perfect condition and there will be a collection fee of £100 to return any goods to us. Normal usage is usage of the furniture in line with what would be expected to try in-store.

We reserve the right to deduct any amounts if the furniture returned is not in new condition.

We recommend you look after your furniture according to the care instructions provided. To ensure safe use when operating a recliner chair we advise that you allow for a clearance of 16" between the back of the chair and a wall.

Cancellation

Since the furniture is manufactured to order, cancellation or amendment more than 48 hours after an in-store order is placed will incur a cancellation charge of 30% of order value (or £100 if greater) for standard furniture ranges and 100% of order value for bespoke furniture ranges.

Cancellations and returns of in-store orders after delivery will only be accepted on the grounds of product fault or damage arising pre-delivery.

Where orders of standard furniture ranges are cancelled under distance sales regulations, the cancellation charge will not be applied.

Please refer to the "Distance Selling" section for further information around processes and costs associated or call 01924 486902 for cancellations.

In the event you need to cancel a purchase pre-delivery due to the death of a customer for example, we will only charge a 30% cancellation fee of the order value that is held on account and can be used on a future purchase within 12 months. Alternatively a loss of 30% of the deposit will be charged.

Bedding

For hygiene reasons all bedding is non-returnable with the exception of any manufacturing faults. All bedding must be returned in original packaging.

Storage

On occasions our customers may require us to store their furniture for a short time following manufacture. We can in exceptional circumstances arrange this for you, a charge is payable for this service. Full payment for all goods must be paid on completion of manufacture in line with our standard terms and conditions.

In order to place an order on hold full payment must be made. You must allow a minimum of 4 - 6 weeks for furniture to be dispatched from hold and delivered.

Store clearance and ex-display

- Orders of store clearance items and showroom ex-display stock must be fully paid for at the point of order/purchase
- Clearance and Express Delivery products are all whilst stocks last
- Any imperfections should be pointed out to the customer at the point of sale, and any damage or imperfections evident in-store is not a basis of return
- Customers are encouraged to fully inspect their furniture prior to purchasing
- Clearance items are exempt from 48 hour cooling off period
- Clearance stock may be refurbished or ex-display stock

- A fee of 100% of order value will apply in the event of cancellation or return
- Clearance items carry a 1 year guarantee on the motor and action only on motorised items
- Items that are returned due to a manufacturer's fault or damage, will only be replaced with another ex-display stock item or a refund will be offered if no other suitable items are available
- Statutory rights are not affected

Refunds and replacement

Should you receive goods that are faulty or damaged you are entitled to full refund or replacement up to 30 days from date of receipt. Please note that HSL reserves the right to examine the goods to confirm damage and establish fault prior to agreement to refund or replacement. The refund will be made after collection of your furniture.

We reserve the right to deduct the usage fee for items over 6 months old.

If you wish to make a claim outside the guarantee period set out below, you can contact us to discuss options for repair or replacement of your goods or call 01924 486902.

Your guarantee

HSL is committed to ensuring that everything we sell is of the highest quality. However, for your peace of mind, we offer a 25 year frame guarantee on a large selection of our furniture, this excludes our swivel range, other exclusions apply, please ask in-store for details. This guarantee is extended on all electrically-adjustable chairs to also cover the motorized mechanism and handset for 5 years. The mechanism on Stressless® swivel chairs is guaranteed for 10 years.

All pile fabrics, including chenille are subject to a degree of pile crush. This is not a fabric or manufacturing fault this is a natural characteristic and this will not detract from the wearing properties of the material.

Other swivel chairs and all other parts of our furniture ranges including foam and fabric are covered by a 1 year guarantee.

Any claims for sizing issues must be reported within 1 month from delivery.

For all showroom clearance, ex display stock, clearance items, and other goods notified as such, the guarantee for these items apply to the motor only and this carries a 1 year guarantee. Fabric, foams etc. are exempt from any guarantee.

HSL will honour all repairs free of charge within the guarantee period. In the event that a repair is not possible we will offer a like-for-like exchange, or partial refund.

Ensure there is at least a 16.5" clearance between your furniture and the wall behind it.

Your guarantee starts from the date of delivery and offers cover against manufacturing defects on the construction of the frame and frame springs. It also covers your items against any defects which may arise through faulty factory workmanship, including recliner and bed mechanisms.

Products bought with Guardsman Furniture Care Package are also protected for 5 years against everyday spills, stains and accidental damage. For more details, please ask in-store or contact Guardsman direct on 01235 444 747.

Please note, your guarantee does not cover normal wear and tear. It is important to note that we often find that damage can be avoided by correct care and maintenance. Our guarantee excludes instances where damage is as a result of lack of care, insufficient daily maintenance, incorrect cleaning, change of specification by the customer or usage outside of the manufacturer's guidelines. The Guardsman policy is a dry policy and no chemicals are included. It is worth noting that this policy is not Scotchguarding. A Care Guide for your furniture will be provided at point of sale.

This guarantee applies to Mainland UK only.

Nothing within this guarantee will affect your statutory rights. In the event of a dispute, upon provision of proof of purchase we will provide information on how to raise an issue for review by the alternative dispute resolution service of the Furniture Ombudsman.

Please note that all HSL warranties are non-transferrable in the event that the furniture is gifted or sold to a third party.

Our obligations under the contract between us are suspended for the period that the Force Majeure Event continues, and we will have an extension of time to perform these obligations for the duration of that period. We will take reasonable steps to bring the Force Majeure Event to a close or to find a solution by which our obligations under these Terms can be performed despite the Force Majeure Event.
